CARDBOARD TARGET BACKERS

PAPER TARGET BACKERS

Backing targets are required in National Rifle Association sanctioned rifle tournaments, their purpose being to eliminate the possibility of a crossfire being scored. Backers are placed in frames behind the record target at varying distances depending on the range being fired and the distance between firing points. They are made of heavy paper in the following sizes:

		Wt/100
50 FT BACKER:	10½" x 12"	4#
50 YD BACKER:	14" x 16"	6#
100 YD BACKER:	14" x 28"	9#
50 M BACKER:	14" x 16"	6#
100 M BACKER:	14" x 28"	9#

*One backing target is necessary for each record target,
so order accordingly.*

Cardboard target backers are used for indoor / outdoor ranges as a convenient mounting tool for targets. Our backers are single wall 1/8" thick corrugated cardboard. You may order stock sizes shown below or we can custom cut backers for your specific needs.
